Jl. Kebonsari IIB No.15

Informatics fresh graduate from Telkom University Surabaya with a strong interest in web development, data mining, and artificial intelligence. Highly motivated, adaptable, and able to work both independently and in teams. Committed to continuous learning and contributing to innovative technology solutions.

## Education Level

---

**Telkom University - Indonesia**

Oct 2021 - Aug 2025

*Bachelor of Informatics, 3.64/4.00*

- Academic focus on Web Development, Data Mining, Artificial Intelligence, and Computer Networking, with strong emphasis on practical implementation through both team and individual projects.
- Enhanced problem-solving and collaboration skills through programming labs, computer networking practicums, and team-based software projects.
- Applied theoretical concepts into end-to-end application projects, covering requirements analysis, design, development, and system testing.

## Internship Experiences

---

**Kuanta Indonesia - Indonesia**

Jul 2024 - Aug 2024

*Web Developer*

- Analyzed user requirements and designed internal web applications to improve operational efficiency.
- Developed an attendance system with camera-based check-in modules and employee data management.
- Collaborated in an agile team to ensure timely delivery with maintained quality standards.
- Provided additional support through administrative tasks and digital content management outside of core development.

**PDAM Bayuangga - Indonesia**

Mar 2021 - Jun 2021

*IT Support Intern*

- Delivered technical support for hardware, software, and basic networking, including OS installation and troubleshooting user issues.
- Assisted operational data management through data entry and processing with Microsoft Excel and internal software.
- Supported office operations by preparing presentation materials (PowerPoint) and handling IT-related administrative tasks.
- Contributed to resolving daily IT issues to maintain smooth office operations.

## Organisational Experience

---

**Informatics Student Association - Telkom Surabaya Institute of Technology**

Aug 2022 - Dec 2023

*Research and Technology Division*

- Designed and implemented division programs based on the latest technology trends.
- Collaborated with various stakeholders in research and technology development activities.
- Managed the development and maintenance of the study program's website for students and lecturers.

**National Workshop HIMA Informatika x Hacktiv8 - Telkom Surabaya Institute of Technology**

Jul 2023

*Event Division*

- Coordinated venue and technical requirements for a national workshop with over 100 participants.
- Served as moderator in workshop sessions with industry speakers.

- Ensured smooth interaction between speakers and participants throughout the event.

## Skills Experience

---

- **Soft Skills:** Problem Solving, Creativity, Communication, Time Management, Teamwork
- **Hard Skills:** Python, PHP, JavaScript, HTML/CSS, MySQL, Flask, React, Laravel, Machine Learning
